In the Depth

It is very special how the drawing “In the Depth” was created. I had the black lines on the paper for a long time, but I really didn't know what to do. It seemed to become a dark thing. But I don't want to make dark things! There are plenty of nasty things in the world already, so I don't want to add anything to that, I thought. Would God really want me to make this? I did not understand.

Then I found the song “Ocean” which moved me so much ... That is what the drawing is about, I thought.

Then I had a dream. I saw a garden with hedges around it.
Crossed the hedge to do something there. And I immediately
sank into the ground! A swamp! I slumped away at great speed
and saw the hole closing above me.
That's it then I thought. I'm on my way to heaven. I could accept
that, I was not afraid to die. But I'm going down, that's weird!

And oh, how sorry I am, not to be allowed to do God's Plan
anymore! "God!!!" I cried.
And in an instant everything was different. I felt God was with
me and I found myself back, sitting on the edge of my bed! I've
never been so happy. So now I can still execute the Plan!

Well that is what this drawing is about. Something bad is
happening, but something very good is coming from it.
Sometimes you have to go through the depths to understand
something that is very important in life ...
If you ask it, from the bottom of your heart, God will always
help you ...

The text of the song "Ocean" is about that:
And there I find You in the mystery
in Oceans deep, my faith will stand
And I will call upon Your name,
and keep my eyes above the waves ...
